Torch

A luminous acrylic crystal column runs through the entire lamp, and the huge acrylic cover the light together, like the torches to warm the cold years and bring people the courage and strength to move forward.

The clear acrylic shades offer a warm and cosy lighting with a very subtle faded effect. The acrylic tube inside, brings structure and character to the design.

Lantern

The crackle design, resembling delicate marble striations cut and curve through the surface of the pressed glass. Light shine through like the sun that shimmers above the ocean waves highlighting its unique texture.

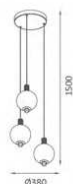

The irregular veins glass orb is illuminated with a sleek continuing line of evenly diffused LED in a white acrylic cylinder.

The elongated nature of the khaki metalwork is elegantly vertical in size with a pop of playful interest and light.

WARM ELEGANCE

Pendant lights are another option that people often use to add a sense of depth and height within a room. They have a very inviting quality to them, and because of their height, they tend to take up less floor space than most ceiling lights.

Many people choose modern pendant lights to create an illusion of more space and depth within their homes.

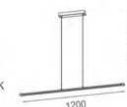

VALUE & BEAUTY

An element of modern lighting that is becoming commonplace in many home styles is the use of LED light source. These energy efficient bulbs are extremely bright and provide soft, warm lighting that can really enhance the atmosphere in a room.

Open Creativity, One Identity

As much as design is about building a beautiful space, it is equally about creating one that lasts. As you materialize an atmosphere through luminaires, you want it to last like it is after a long time.

Illustrating your space with minimalist design,
which makes everything perfect, and helps
lead a simple and exquisite life.
